Habitat for Humanity Adds Maintenance Division:

Employs Habitat Homeowners & Serves Community

North Fort Myers, FL; December 3, 2008 – Habitat for Humanity of Lee County is increasing its production in the community by adding a new maintenance division to its homebuilding experience. The additional department is available to any individual or corporate maintenance needs throughout Lee and Hendry Counties. “We added this new division to employ our current Habitat homeowners who have been subject to the economic downturn and are vulnerable to losing their homes without the income,” says Trisha Goins, Habitat’s Vice President of Communications.

The new division will offer lawn mowing services at monthly rates; \$60 for a double lot, \$70 for triple lots, all others will be assessed below market value. Habitat is also offering cleaning services and other handyman tasks. “Basically, describe your need and Habitat for Humanity will provide a professional, free estimate for the project,” says Goins.

For more information on how to hire the Habitat for Humanity maintenance crew for your needs, call the Habitat office at 239-652-0434 ext: 1208.

Habitat for Humanity of Lee County is a non-profit organization dedicated to eliminating substandard housing in Lee County. So far, Habitat has built more than 900 homes in Lee County since 1982. Through the use of volunteer labor and donations of money and materials, Habitat builds simple, decent housing for families who otherwise could not afford it. **Homes are sold to the homeowners at no profit on an interest-free mortgage**, making homeownership an affordable reality.
